Installation Guide

1.   For Zerodha:

<div style="border:1px solid black">

User ID & Password to run the software

ID: biswajit

PW: pw4biswajit

</div>

System Requirements:

This software is compatible with Windows 10/11 operating systems.

An active Zerodha account is required, as the software automatically integrates with Zerodha for algorithmic trading. No monthly subscription fee is needed to use this feature on the Zerodha platform.

Prerequisite:

Ensure that dotnet-sdk-9.0.103-win-x64 is installed on your system. If it is not already installed, please download and install it before proceeding.

Extracting Files:

After downloading the provided **.rar file**, extract its contents. You will find two **.rar** files inside:

extension for kite.rar

Extract the files within this .rar. These files are required to create an **extension** for the Chrome browser.

Follow the standard procedure to install the **extension in Chrome**. Once installed, **pin it** to your browser's toolbar.

After pinning, you will see a **'Z' symbol** on the upper-right side of the Chrome browser. This symbol represents the **Zerodha Cookie Extractor**.

Log in to your **Zerodha** account, and then click the **'Z' symbol** once to enable the integration.

Easy Trading4Zerodha.exe

Double-click the Easy Trading.exe file to begin the installation process. Follow the on-screen instructions to complete the setup.

2.   For Groww:

System Requirements:

This software is compatible with Windows 10/11 operating systems.

An active Groww account is required, as the software automatically integrates with Groww for algorithmic trading. Monthly subscription fee of about Rs. 550/- is needed to use Algo feature on the Groww platform.

Prerequisite:

Ensure that dotnet-sdk-9.0.103-win-x64 is installed on your system. If it is not already installed, please download and install it before proceeding.

Extracting Files:

After downloading the provided **.rar file**, extract its contents. You will find two **.rar** files inside:

Extract the files within this .rar. These files are required to create an **extension** for the Chrome browser.

Follow the standard procedure to install the **extension in Chrome**. Once installed, **pin it** to your browser's toolbar.

After pinning, you will see a **'G' symbol** on the upper-right side of the Chrome browser. This symbol represents the **Groww Extractor**. You must have to extract token by clicking 'G' going over the Groww application.

Easy Trading4Groww.exe

Double-click the Easy Trading4Groww.exe file to begin the installation process. Follow the on-screen instructions to complete the setup.

3. **For Angle One, Upstox and 5paisa**: After logging with credentials, this software will automatically connect with the respective platforms.
